BOARD DATA BRIEFING · 2018–2021

NYC Neighborhood Financial Health

Ahmed Raad

EXECUTIVE OVERVIEW

Dataset Scope & Architecture

1,094

Raw records audited

55

NYC neighborhoods (PUMAs)

7

Goal rows per neighborhood

385

Aligned records per year

PART 01 · DATA HYGIENE

Cleaning & Pipeline Fixes

Resolving structural duplicates and indexing misalignment prior to statistical analysis.

PIPELINE AUDIT

Critical Data Hygiene Fixes

Raw Data Anomalies

- **2020 Redundancy:** Our previous dataset mirrored 2018 values with string commas.
- **Premature Deduplication:** Dropping PUMAs erased 85% of goal rows.
- **Index Misalignment:** Unreset indices corrupted loop subtraction.

Engineered Solutions

- **2018 vs. 2021 Focus:** Isolated true three-year pandemic shifts.
- **Multi-Key Sorting:** Aligned all 385 rows by PUMA and Goal.
- **Selective Filtering:** Used isolated PUMAs only for demographic rankings.

QUESTION 01 · OVERALL TRAJECTORY

Are Neighborhoods Improving?

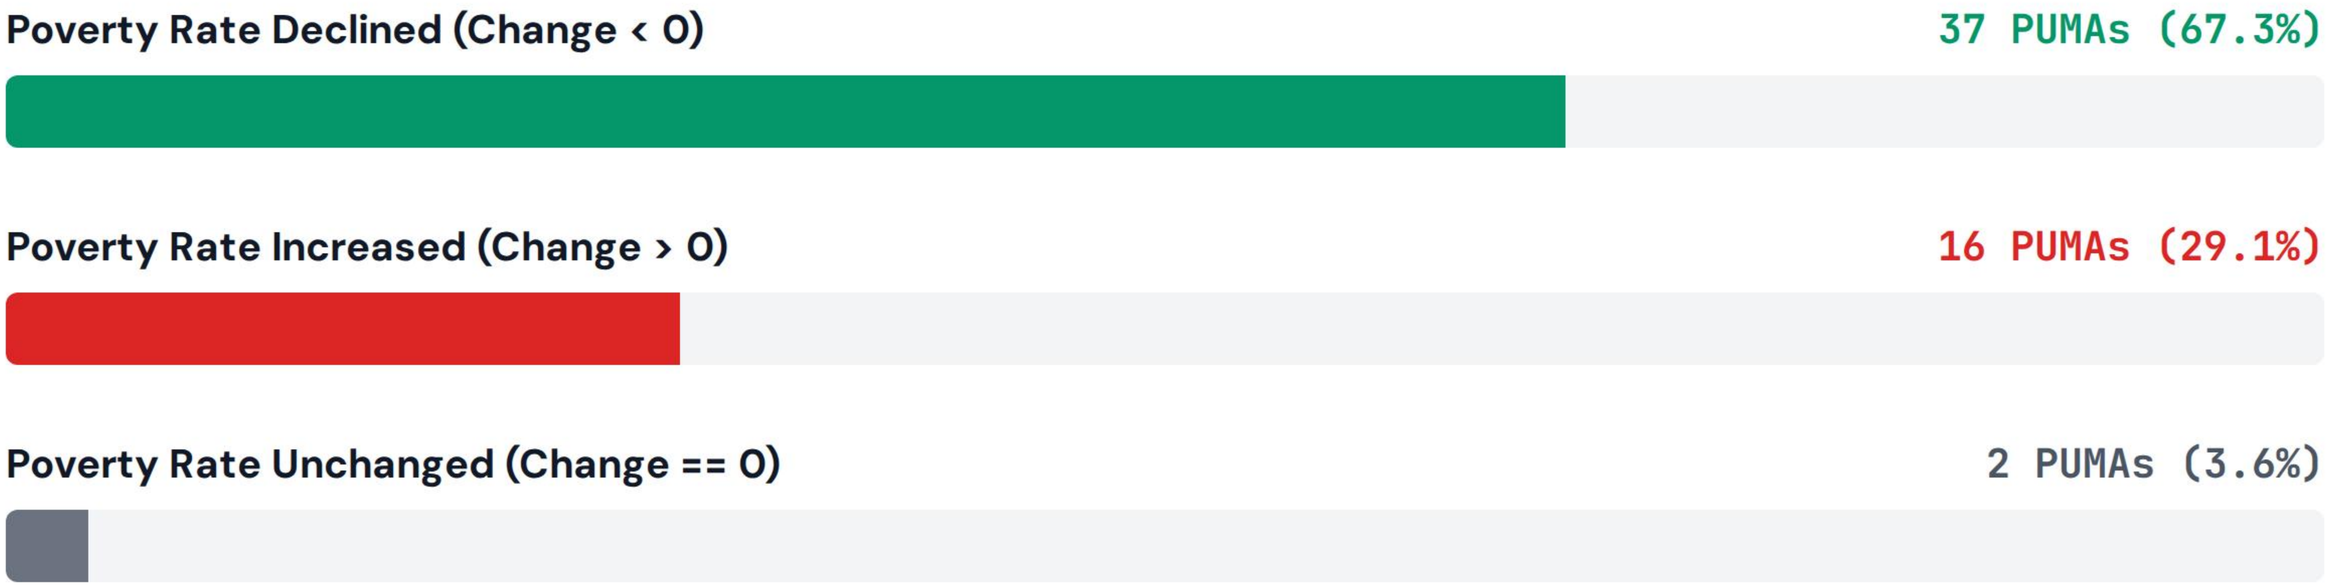

67.3%

37 of 55 NYC Neighborhoods Reduced Poverty Rates

Improvement defined by declining NYC poverty rate paired with rising median household income from 2018 to 2021.

DEMOGRAPHIC DISTRIBUTION

Pandemic Poverty Rate Shifts

QUESTION 02 · MEDIAN INCOME OUTPUTS

Income Growth & Contraction

Top Income Growth (top_income)

- **Tottenville & Great Kills (3901):** +16.0% median household income surge.
- **Flushing & Whitestone (4103):** +13.0% median household income gain.
- **Chinatown & Lower East Side (3809):** +3.0% steady pandemic income growth.

Steepest Contraction (bottom_income)

- **Battery Park & Soho (3810):** -4.0% median household income drop.
- **Riverdale & Kingsbridge (3701):** $30,437 baseline under cost pressure.
- **Belmont & East Tremont (3705):** Lowest income tier at 30.8% poverty.

QUESTION 02 · POVERTY RATE OUTPUTS

Poverty Rate Leaders & Laggards

PUMA	Neighborhood	Poverty Rate	Code Output Status
3703	Throgs Neck & Co-op City	14.0%	Top Poverty Decline Tier
3701	Riverdale, Fieldston & Kingsbridge	15.2%	Improved (-0.007 Rate Shift)
3704	Pelham Parkway & Morris Park	20.5%	Moderate Stability Tier
3706	Bedford Park & Fordham North	26.4%	High Poverty Persistence
3705	Belmont, Crotona Park & East Tremont	30.8%	Bottom Poverty Tier

QUESTION 03 · FORECASTING METHODOLOGY

Rate of Change & 2025 Model

STEP 01

3-Year Delta

Subtract 2018 baseline from 2021 actuals.

STEP 02

Annual Velocity

Divide citywide mean change by 3 years.

STEP 03

2021 Baseline

Calculate mean 2021 poverty and income.

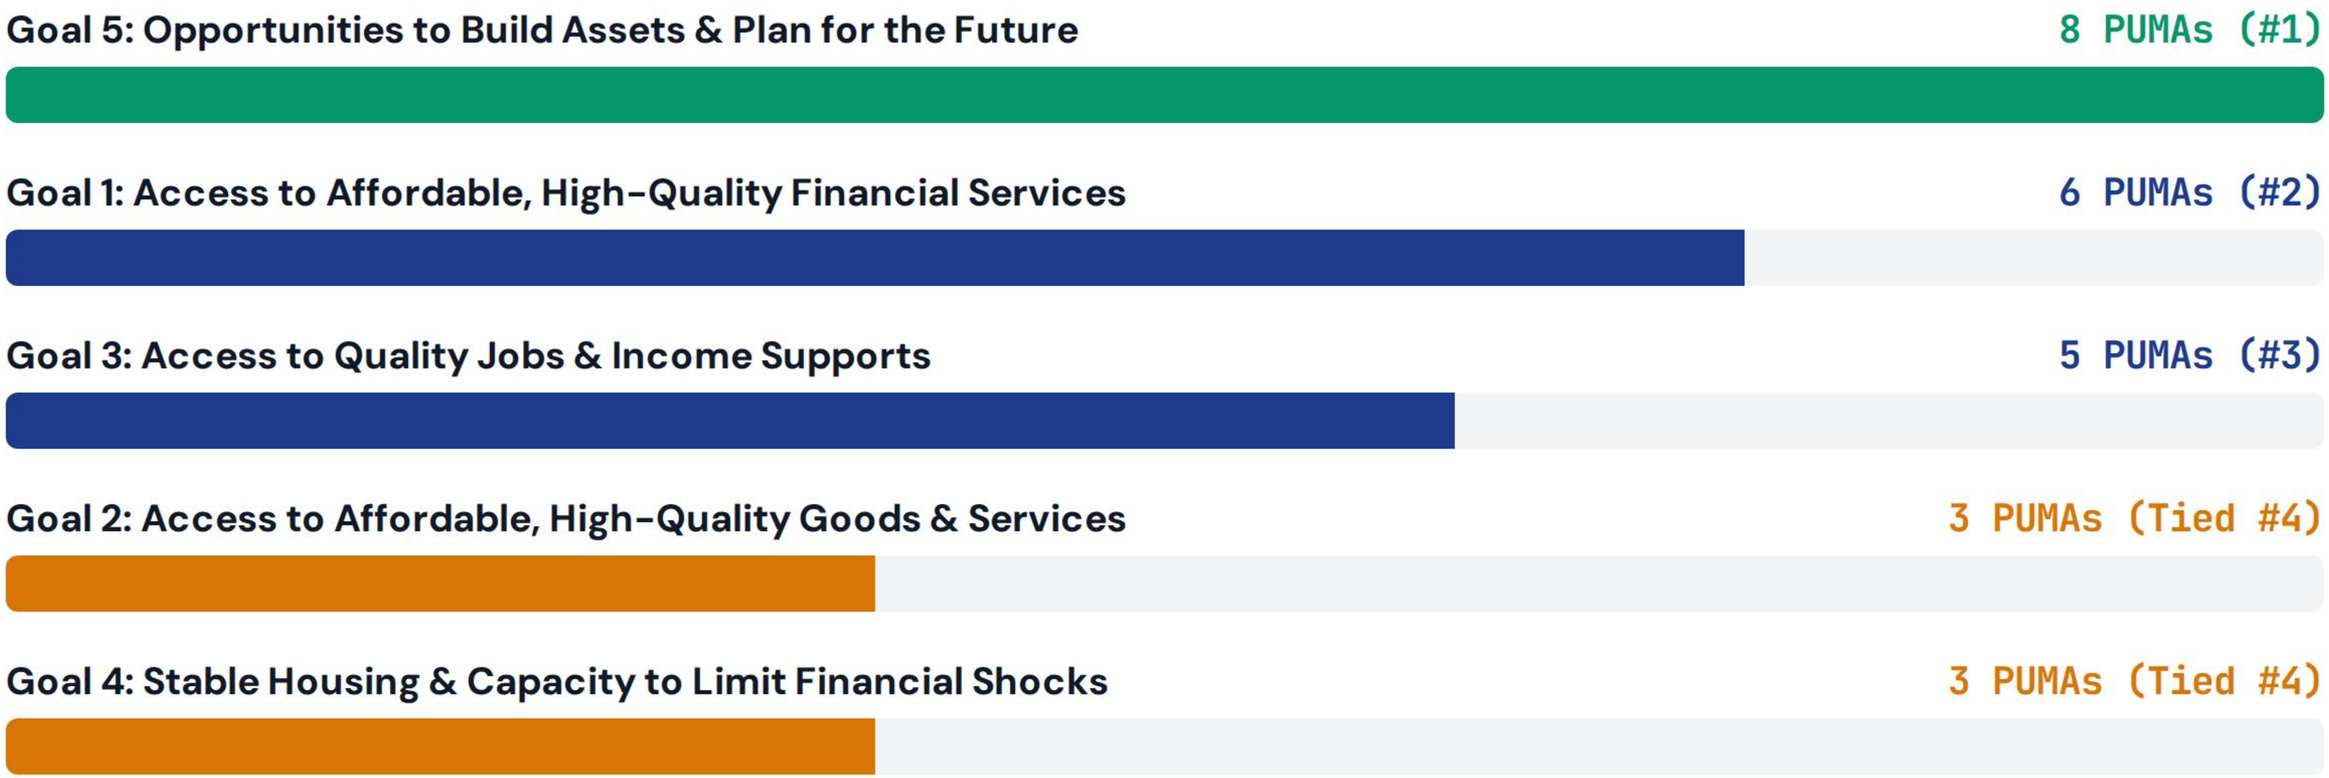

STEP 04

2025 Projection

Add four years of velocity to 2021 base.

QUESTION 04 · GOALS_DF OUTPUT

Goal Success Rankings (Code Output)

KEY BOARD TAKEAWAYS

Goal Takeaways & 2025 Outlook

Most Successful Goal

Goal 5 led across 8 neighborhoods.

Priority Revisions

Goals 2 and 4 lagged behind.

2025 Trajectory

Continued poverty reduction across 37 PUMAs.

BOARD SUMMARY & NEXT STEPS

Thank You!

Cleaned Python pipeline ready to ingest updated census metrics and generate neighborhood rankings on demand.
